**Subject:** Agenda and Pre-read materials for Aedes Vector Control Summit  
**Attachments:** Agenda\_Aedes Vector Control Summit Updated\_022117.docx; Aedes Vector Control Summit - Pre-read Materials.pdf

Dear Colleague,

We're looking forward to your attendance at the Aedes Vector Control Summit next week. Please find the most recent draft of the agenda attached. Times may shift slightly, but we do not anticipate major changes to the agenda.

If you are flying in for the Summit, please utilize taxis, a car service such as Lyft or Uber (requiring a smartphone app), or the MARTA, Atlanta's public transportation (train and bus) service. MARTA serves the Emory Conference Center Hotel. From Hartsfield International Airport take MARTA to the Lindbergh Station. From Lindbergh take the #6 bus directly to the hotel. Visit MARTA's Website . Emory Cliff Buses serve the University Monday through Friday from 5:30 AM until 7 PM. This transportation is complimentary.

The Summit is being held at the Centers for Disease Control and Prevention, Edward R. Roybal Campus, 1600 Clifton Road, Atlanta, GA 30329 USA. CDC's Roybal campus is located across the street from the Emory Conference Center Hotel (1615 Clifton Rd NE, Atlanta GA 30329) and can be accessed by foot. If you are staying elsewhere and need to drive to CDC, parking spaces are available for visitors. Please note though that these spaces do fill up quickly. Non-employee cars driving into CDC will need to be checked at the security station, which will take additional time.

The meeting location is in Building 19 (The Visitor Center) in Auditorium B. You will need a Valid US-Issued Photo ID at the security checkpoint. Please plan to arrive around 30 minutes prior to go through CDC security. There will be a check-in desk directly behind the security desk, where you can get your name badge. Please note that you will need your name badge to access CDC campus for both days.

Attached to this email, you will find pre-read material suggested by our speakers. Please note that the attachment is quite long, so we advise reading it electronically.

If your plans have changed and you can no longer attend, please email [events@cdcfoundation.org](mailto:events@cdcfoundation.org). If you have further questions, please email [eocevent284@cdc.gov](mailto:eocevent284@cdc.gov) and [events@cdcfoundation.org](mailto:events@cdcfoundation.org).

Thank you, and we look forward to seeing you soon for this important meeting.

Sincerely,  
Zika Partnership Team  
CDC Zika Virus Emergency Response
